SUMMER 2021: PAID INTERNSHIPS

NonDoc.com wants to hire two college-age individuals for our summer **paid** internship program. We are looking for one **editorial** intern who will report various stories and use online publishing systems, such as Wordpress and CoSchedule. We are also interviewing for one **marketing** intern who will create social media messages, assist with fundraising and participate in other nonprofit goals.

Applicants must submit a cover letter, resumé and two samples of related work to editorial@nondoc.com by 11:59 p.m. on Thursday, March 25, 2021.

The internships will begin May 14 and run roughly through the end of August. The exact start and end dates can be flexible. You do not have to be actively enrolled in a university to apply, but you must have interest and talent in either journalism or marketing to be considered for the internship.

Launched in 2015, NonDoc.com is an award-winning journalism website based in Oklahoma City. At the start of 2020 we became a nonprofit entity to ensure the sustainability of our independent journalism.

Questions can be sent to editorial@nondoc.com.

*Sincerely,
Tres Savage, editor in chief*
