W-1	1/23/2020	Trey Lam	2020-12	10/20/2020	1) Is the description of county boundaries in Article XVII, Section 8 of the Oklahoma Constitution, which depends on the center lines of water courses to define the boundary of certain counties, subject to the laws governing accretion, reliction, and avulsion? 2) Does Title 19, Section 36 of the Oklahoma Statutes apply to the jurisdictional boundary of a county, or only to the taxable situs of property in a county, where the county boundary is defined by the center of a stream or watercourse?
W-2	2/27/2020	Sen. Roger Thompson	2020-3	3/9/2020	1) 3A O.S. § provides 88% of monies "received by the state pursuant to subsection A of Part 11 of the Model Tribal Gaming Compact ... shall be deposited in the Education Reform Revolving Fund," i.e., the 1017 fund, and the other 12% "shall be deposited in the General Revenue Fund; and 2) 62 O.S. § provides any State "receipts of One Hundred Dollars (\$100.00) or more shall be deposited [in the established agency clearing or special account] on the same banking day as received."3A O. S. and 62 O.S. and the legal authority of the Executive branch to redirect the State gaming compact revenue-share receipts from the 1017 Fund or the General Revenues Fund, or delaying the allocation on the same banking day as received which is the current requirement. W-4	4/3/2020	Rep. Kevin West	Withdrawn	4/26/2021	1) Is the Governor's authority under CHEPA concerning "property management" limited to State property or could it be extended to personal property? 2) In the event a vaccine is available, would our current exemptions remain in place or could they be overridden? 3) What protections are in place to prevent "unduly interfering with civil rights and liberties"?
W-5	4/23/2020	Sen. Joe Newhouse	Withdrawn	8/6/2020	1) This matter revolves around a contradiction in the laws of Oklahoma and the federal government regarding the costs and reproduction of medical records. In this matter, a client complied with the assessment of costs for the copying and production of medical records of the State of Oklahoma according to 76 Okla. Stat. § 19 for a single medical record request. 2) The Office of Civil Rights with the Department of Health and Human Services (OCR) found that Oklahoma's law was not a reasonable assessment of costs, and that our client violated HIPAA as a result. The complaint by OCR is regarding a single complaint by a family member requesting records. This family member signed an agreement to the statutory Oklahoma costs, and then filed a complaint with OCR. As a result of this single claim, which my Client had acted in direct accordance with Oklahoma law, OCR is pursuing a penalty against my client for \$330,000 for this incident. 3) It is my hope that perhaps you can enlist the assistance of Mike Hunter's office to perhaps provide an advisory opinion supporting the validity of Oklahoma's 76 Okla. State. § 19 as reasonable, or to provide some advisory input regarding the disproportionate penalty to the alleged HIPAA infraction.
W-6	4/28/2020	Sen. Marty Quinn	Withdrawn	6/30/2021	1) Example, if a county has 42,000 properties to assess, it visually inspects 25%, or 10,500 each calendar year. A tax increase goes out to 75% of the properties to increase by law 3 to 5%, based on property. Tax assessors state that they must apply the maximum appraisal system, and that state statutes require the increase. Is this consistent with state statutes? 2) If a taxpayer purchases any of the items listed below and pays sales tax, can the County Assessor also tax for ad valorem? Is this double taxation? Portable storage sheds, tractors, wind break sheds for animals (loading sheds), etc.

W-8	5/13/2020	Blake Suthers	Referred to DA (Ar	5/14/2020	<p>1) Is this a correct opinion of this State Statute, that an Elected County Commissioner cannot be paid to be an Emergency Responder for the Emergency Medical Service if the Service receives County Sales Tax and Ad Valorem funds appropriated by the County Commissioners, but voted on by the public? The County Commissioners have been told they can not be a compensated employee of EMS since they vote members to the EMS Board, which have their ow By-laws, they have also been told they cannot be a compensated EMS employee because they set the percentage of the sales tax proposition for a vote of the public.</p> <p>2) Since it is a vote of the people, why is it considered wrong/illegal for an elected official to be compensated as an Emergency Medical Responder with a Service?</p> <p>3) The Ellis County EMS does receive Sales Tax from the above mentioned vote, but they also have a separate account that has nothing to do with Sales Tax or Ad Valorem Funding, it is a Patient/Insurance Reimbursement Account (not held at the County), could this account/fund be used to pay the compensation to an Elected Official that is an Emergency Responder for said Service. (considered a second job or employment)?</p>

The body charged with fixing judicial salaries is the Board on Judicial Compensation, unless its decisions are “rejected or amended by law passed by a majority vote of each house of the Legislature.” 20 O.S.2011, § 3.2. In its 2019 report, the Board recommended a 9.23% salary increase for all state judges, but the report was amended by the Legislature to provide a 4.5% salary increase for certain listed judges, including district judges.
